

Cattle producers that successfully complete in-person or online training are awarded BQA certification, valid for 3 years.

Documentation: A BQA Certification issued by the state that conducted the in-person certification or through the online system.

Contact: (303) 850-3473 | bqa@beeflearningcenter.org | bqa.org

EQUIVALENCIES

Dairies that have completed a FARM Animal Care Version 3.0 (or newer) evaluation are considered to have achieved BQA certification equivalency.

Documentation: Completed FARM Animal Care Evaluation, or other certificate or letter indicating completion.

Contact: (703) 243-6111 | dairyfarm@nmpf.org | nationaldairyfarm.org

Youth cattle producers (ages 8-21) who complete the Youth for the Quality Care of Animals (YQCA) program are considered to have achieved BQA certification equivalency.

Documentation: YQCA Certificate

Contact: info@yqca.org | yqca.org

Canadian cattle producers that participate in the training portion of the Verified Beef Production Plus (VBP+) program are considered to be certified in a BQA equivalent program.

Documentation: Registration or training certificate indicates training requirement is met.

Contact: (403) 275-8558 | lowev@cattle.ca | verifiedbeefproductionplus.ca

Funded by the Beef Checkoff.
